WORK EXPERIENCE

2018 → 2020

Website Development (10 to 20 hours a week)

While working full time I have used my free time to learn all about website development. This has been through educational videos and gaining qualifications through an online learning college. I have built a few websites from scratch and created a few games using in JavaScript. I now working on a web application for my own business and creating presentation websites for family business.

2004 → 2020

Digital Experience (Lifetime)

I have always had a keen eye for technology and love everything to do with the internet and computers. This has made me very comfortable when using drag and drop website builders, all social media platforms, video and picture editing software, Microsoft office products, adobe products, and more. I am now learning different content management systems and frameworks like firebase, node.js, etc to help me build more efficient websites as a freelancer.

2010 → 2020

PGA Golf Professional (Self Employed)

Over the last 10 years, I have been working as a PGA Golf Professional for many senior professionals at golf facilities around the UK. I am now working at a golf club that relies on me to recruit new members, offer advice on all golf related issues, create an online presence and be the face of golf tuition at the club. There are many skills I have learned from being a golf professional that will be easily transferable to other industries and may even give them another point of view.

2006 → 2017

Other Work Experience (Employed)

- Sports Coach (Waterloo Primary Academy)
- Domino's Pizza (Assistant Manager)
- Warwick Hotel (Night Port).
- Joondalup Golf Resort Australia (Bar Tender)
- St Annes Old Links Golf Club (Bar Tender)
